

1.8m (6ft) Tail Call Lead with RJ12 connector

Part No. OP805/6G1

Overview

- A short 1.8m tail call lead c/w pear push and RJ12 connector for use with C-TEC's Quantec-Pro call system.
- Plugs directly into the underside of a Quantec-Pro call point.
- Up to two can be used per Quantec-Pro call point.
- Allows users to remotely generate Standard calls from armchairs, beds, etc.
- Activating the pear push or removing the tail call lead from a call point's remote socket will generate a Standard call.

More Information

Quantec-Pro is C-TEC's next generation addressable call system. It keeps everything that is good about existing Quantec - stable protocol, ease of system set-up, optional Cloud based data monitoring - and enhances it with stylish devices, improved power efficiency, greater programming flexibility and more. The result - a powerful, aesthetically-pleasing call system that is perfect for use across the entire care sector.

Technical Specifications

Compatibility C-TEC's Quantec-Pro System
