Auto Search for Devices

When the smartphone and the device are connected to the same Wi-Fi network

- 1. The list of devices that have been found will appear automatically.
 - When clicking [1], 1 button, you can select the method to sort the device list.
- 2. Enter the ID and the password, and click < OK>.
 - Devices that use the same ID and password can be added immediately.
- 3. Adding devices is complete.

Adding Devices Manually

- Click the manual button.
- 2. Enter the connection information, and click <0K>.
- 3. Adding devices is complete.

Adding Devices using a QR Code

Place a barcode inside the viewfinder rectangle to scan it.

When the device has a QR code sticker attached

- Click the OB code item
- 2. Scan the QR code of the device with the smartphone.
- 3. Enter the ID and the password, and click < OK>.
- 4. Adding devices is complete.

Live Monitoring Main Screen and Button Description

1-Channel Mode Screen and Button Description

Individual features may vary depending on the model.

PTZ Mode

- If you keep your hand on when using pan tilt drag, it will keep moving in that direction.
- Individual features may vary depending on the model.

Fisheye Mode

Channel List Screen

Modify Channel Information

When editing/deleting the connection information Select the channel (thumbnail tile) if using the Camera. Select the device name if using NVR/DVR.

Moving to the Playback Screen

- From the Menu Button
- In Live Monitoring screen

This works only from main view (refer to page 9).

Searching by Date/Time and Event

Event List

Event types may vary depending on the model.

Setting and Receiving Push Notifications

Settings

- 1. Register the QR code attached on NVR.
 - An NVR registered using a QR code can use push notifications.
- When the registration is complete, set the Allow Notification item to Allow Notification after going to the settings screen.
- 3. Set the device to <ON> in the <Device Setting> item .

Receiving Push Notifications

- 1. A push event receiving screen will appear when an event occurs.
 - It can be received after the <Allow Notification> item has been set in the Settings screen.
 - The view can vary according to the Event Push Notifications style the user has set in the mobile terminal.
- 2. Click on the event in the push event receiving screen.
- 3. It moves to the selected channel after running the app when the event is selected.

he licenses for most software are designed to take away your freedom to share and change it. By contrast, the CNU General Public Lice our freedom to share and change free achieves—to make sure the software is free for all to users.

we speak of free software, we are referring to freedom of use, not price. Our Garwal Public Licenses are designed to make sure that you have the free date opins of free software jaid charge for this service if you with it had you neceive source code or can get it if you want it, that you can charge the soft as cleases of it in not hele concerns on that for you want the three that you can be seen as the clease of the software three.

To protect your rights, we need to make nutrictions that forbid distributors to deny you these rights or to sak you to sumender these rights. These restrictions translate to certain responsibilities for you if you distribute copies of the library or if you modify it.

For example, if you distribute copies of the library, whether gratis or for a law, your must give the necipients all the rights that we give you. You must make as that they, to, receive or can get the source code. If you like other code with the library, you must provide complete clips of library library services, and the code of the library services of charge of services to the received, and library services of charge of services to the code with the library services of services of services the code of the library services of s

To prefect each childrature, we want to make it very clear that there is no warranly for the heal library. Also, if the library is modified by someone else an passed or, the recipient author's reputation will not be affected by pro-tructured by the property of the prop

Most CNU software, including some libraries, is covered by the ordinary CNU General Public Lourse. This lourse, the CNU Leaser Cenneral Public spellers to ortain designated branks, and is quite different from the ordinary General Public Lourse. We use this lourse for central intensits in order inferent brank libraries for non-the excounts.

When a program is finised with a brazy, whether statically or using a shared library, the combination of the two is legally speaking a combined work, a of the original library. The ordinary General Public Liourne therefore permits such larking only if the entire combination fits its criteria of freedom. The Le Commit Out-fit is representative than its refers to the deposition of the clinical section of the fitted in the library.

other cases, permission to use a particular library in non-help programs enables a greater number of people to use a legal body of the authorises. For emple, permission to use the CAVI C Library in non-help programs enables many more people to use the CAVI C Library in non-help programs enables many more people to use the whole CAVI operating system, as well as its since the CAVI operating system, as well as its since the CAVI operating system, as well as its since the CAVI operating system, as well as its since the CAVI operating system.

The precise terms and conditions for copying, dehthution and modification follow. Pay close attention to the difference between a "sonk based on the library and a "work that uses the library". The former contains code derived from the library whereas the latter must be combined with the library in order to run.

 This License Agreement applies to any activerse library or other program which contains a notice placed by the copyright holder or other sufnorted swiping it may be dishbuded under the terms of this Leaser General Public Libraria (size called "this Libraria"). Each libraria is addressed as "you". were an any of contractor state or we term or the same Cannell Public Liberra (the collection). The Chroma's Each Contract is addressed as "yout." END OF TERMS AND CONDITIONS

How to Apply These Terms to Your New Libraries

If you develop a new library, and you want it to be of the greatest possible use to the public, we recommend making it free activates that everyone can redistrib and change. You can do so by permitting redistribution under these terms (or, alternatively, under the terms of the ordinary General Public Liourus). To apply these terms, attach the following notices to the library. It is safest to attach them to the start of each source file to most exclusion of warmanhy and each file should have at least the "copyright" invalind a pointer to where the full notice is found. ne line to give the library's name and an idea of what it does.
